ACKNOWLEDGEMENTS

The staff of the Kansas State Library wishes to thank all of the public librarians, public library staff members and staff of the regional systems of cooperating libraries who patiently completed the Annual Library Statistical Reports and promptly submitted them to the State Library. Without the continuing assistance of these public spirited Kansans, the following information would not be possible.

The State Library appreciates the value of these statistics for the purposes of evaluation and planning of library service and, eventually, for the historical perspective they will help to give. But of greater human significance, we recognize that these figures represent work, dedication and inspired service by librarians and trustees for, and in response to, the investment of the citizens of Kansas.

INTRODUCTION

LOCAL PUBLIC LIBRARIES

Information presented in this volume was derived from the 1986 Kansas Annual Library Statistical Reports submitted to 321 public libraries in Kansas. The purpose of publishing this analysis is not only to comply with K.S.A. 12-1225, which requires libraries to provide the requested data, but also to furnish librarians, library administrators and trustees, and other interested persons with information organized to facilitate comparisons of libraries within the library systems, with comparable service populations and with comparable expenditures.

This analysis is divided into six categories for public library statistics: 1) Support; 2) Expenditures; 3) Resources-1 (concerning hours and volumes owned); 4) Resources-2 (regarding non-book library holdings and interlibrary loans); 5) Circulation; and 6) Personnel. A seventh section supplies similar information for the seven regional systems of cooperating libraries in Kansas.

The most recent total population figure for Kansas certified to the Secretary of State by the Division of Budget, Department of Administration, is 2,461,000. The Kansas L.S.C.A. Long-Range Plan, 1987-1991 (written during 1986), defines those unserved by libraries as persons living in areas of the state "outside cities or towns having libraries, in counties without a county library tax, or in areas not taxed by regional library systems." Of the total population of Kansas, only an estimated 9,895 remained unserved during most of 1986. These figures changed dramatically at the close of 1986 when two Kansas counties joined regional systems of cooperating libraries and began to be taxed by those systems.

A total of 1,197,360 persons were served by the 311 legally established public libraries in Kansas during 1986. Regional systems of cooperating libraries extended service to 533,745 rural patrons in 93 participating counties.

LIBRARY MATERIALS

Public libraries in Kansas owned 7,256,200 volumes in their collections at the end of 1986. During the year 416,601 volumes were added to these collections.

The reporting libraries indicated that they held 20,705 periodical titles and 186,351 recordings in 1986. Audio-visual holdings also included 698 compact discs and 5,574 videotapes. The State Film Center located at Wichita Public Library owned approximately 2,000 films and 500 videotapes during the past year.

SERVICES AND CIRCULATION

Registered borrowers are reported as 1,043,971, up by 62,604 in 1985. The number of registered borrowers is misleading because many libraries do not register their borrowers. "Friends of the Library" groups have formally organized for 68 Kansas public libraries, and numerous libraries indicate that groups are in the process of forming.

Kansas public libraries were open a total of 9,228 hours per week during 1986, compared to 9,106.5 during 1985.

A total of 13,959,768 items were circulated during 1986 (about six items per capita). Of this amount, 76,851 items were sent via interlibrary loan and 64,404 bulk loans were made. Public libraries received 404,896 rotating books from the headquarters of those regional systems of cooperating libraries that offer rotating book services.

CONSTRUCTION

During 1986, new library buildings were completed for Finney County Library in Garden City, Goddard, Harveyville Mini Library of the Pottawatomie-Wabaunsee Regional Library, Sheridan County Library at Hoxie, and Mound Valley. In addition, Ellis, Gypsum, Leavenworth, Bonner Springs, and Norcatur libraries were moved into different and renovated facilities. The West Wyandotte Branch in Kansas City and the Lackman Branch in Johnson County were completed and opened during 1986; the Comotara Branch of the Wichita Public Library was opened in a Dillon's Super Store, the first such library-commercial combination in the nation. Additions were completed during 1986 at Kingman, Iola, Hugoton, and Minneola. Major construction projects are underway at Russell, Library District #1 of Miami County in Loisburg, and at St. Francis.

The projects at Goddard, Hoxie, Leavenworth, Mound Valley, Kingman, Iola, Minneola, Russell, Louisburg, and St. Francis were partially funded by L.S.C.A. Title II. Federal funds of L.S.C.A. Title II also helped complete remodeling projects at Hays, Eudora, and Baxter Springs; and 45 other libraries conducted remodeling or general improvement and maintenance projects during 1986. Of the reporting libraries, another 48 reported plans for construction, acquisition, renovation, addition or remodeling projects during 1987.

REGIONAL SYSTEMS OF COOPERATING LIBRARIES

Central Kansas Library System

The Central Kansas Library system had 53 legally established public libraries, three school libraries, and three academic libraries. CKLS also reported 16 service outlets.

North Central Kansas Library System

The North Central Kansas Library System had 37 legally established public libraries, one of which did not participate during 1986, two academic libraries, and nine service outlets. Hartford levies a library tax for library operations but has never formally organized.

Northeast Kansas Library System

The Northeast Kansas Library System members included 42 legally established public libraries, five academic libraries, one club library and one institutional library. Holton Public Library joined the system during 1986, and Winchester - which had not previously appeared in these statistics - organized and joined the system during 1986 as well.

Northwest Kansas Library System

Members of the Northwest Kansas Library System included 17 legally established public libraries, three of which did not participate during 1986, eight school libraries, three club libraries and one academic library. NWKLS also reported four service outlets.

South Central Kansas Library System

South Central Kansas Library System had 71 legally established public libraries, three of which did not participate during 1986, 36 school districts, 16 academic libraries and one club library. SCKLS also reported two service outlets and four special libraries.

Southeast Kansas Library System

Members of Southeast Kansas Library System included 57 legally established public libraries, 43 school districts, and seven academic libraries. SEKLS also reported 11 service outlets.

Southwest Kansas Library System

The Southwest Kansas Library System had 37 legally established public libraries, ten of which did not participate during 1986. SWKLS also reported 30 school libraries, two community libraries, one club library, four academic libraries and one special library. The Gray County Library, a legally established library, operated through the Cimarron City Library by contract, but because separate statistics are not maintained, the statistics of Cimarron City Library reflect both library taxing areas.

RESOURCES

A total of 281,896 volumes were owned by systems at the end of 1986. The systems added 18,821 volumes during the year, owned 13,602 large print books and paid for 304 periodical subscriptions. At the end of the year 4,616 records, tapes and cassettes - not including Talking Books - were among system holdings. Four systems reported 998 films, filmstrips and videocassettes, while two systems reported a total of 550 art prints.

CIRCULATION

Total print and nonbook library materials circulated by the systems during 1986 numbered 975,039 items. To supplement local collections 650,035 rotating and bulk loans were distributed to public libraries, school libraries, and service outlets. Rural patrons received 102,580 items from Mail-a-Book and Dial-a-Book services. Other institutions received 15,329 print and non-print items, and all other circulation totaled 79,131 items.

WORKSHOPS

During 1986 the regional systems of cooperating libraries produced 53 workshops and programs which were presented a total of 93 times. These covered a variety of library-related topics and were presented at 52 different locations across the state. More than 2,356 librarians, trustees, Friends and interested citizens attended these presentations.

PERSONNEL

The systems employed 22 persons who had obtained M.L.S. degrees and four persons with other post-graduate degrees. Bachelor degrees had been earned by 23 other system employees. Systems employed upwards of 118 person.

The average starting salary for an M.L.S. with no experience was $14,376.

ACKNOWLEDGEMENTS

The staff of the Kansas State Library wishes to thank all of the public librarians, public library staff members and staff of the regional systems of cooperating libraries who patiently completed the Annual Library Statistical Reports and promptly submitted them to the State Library. Without the continuing assistance of these public spirited Kansans, the following information would not be possible.

The State Library appreciates the value of these statistics for the purposes of evaluation and planning of library service and, eventually, for the historical perspective they will help to give. But of greater human significance, we recognize that these figures represent work, dedication and inspired service by librarians and trustees for, and in response to, the investment of the citizens of Kansas.

INTRODUCTION

LOCAL PUBLIC LIBRARIES

Information presented in this volume was derived from the 1987 Kansas Annual Library Statistical Reports submitted to 321 public libraries in Kansas. The purpose of publishing this analysis is not only to comply with K.S.A. 12-1225, which requires libraries to provide the requested data, but also to furnish librarians, library administrators and trustees, and other interested persons with information organized to facilitate comparisons of libraries within the library systems, with comparable service populations and with comparable expenditures.

This analysis is divided into six categories for public library statistics: 1) Support; 2) Expenditures; 3) Resources-1 (concerning hours and volumes owned); 4) Resources-2 (regarding non-book library holdings and interlibrary loans); 5) Circulation; and 6) Personnel. A seventh section supplies similar information for the seven regional systems of cooperating libraries in Kansas.

The most recent total population figure for Kansas certified to the Secretary of State by the Division of Budget, Department of Administration, is 2,461,000. The Kansas L.S.C.A. Long-Range Plan, 1988-1992 (written during 1987), defines those unserved by libraries as persons living in areas of the state "outside cities or towns having libraries, in counties without a county library tax, or in areas not taxed by regional library systems." Of the total population of Kansas, only an estimated 452 remained unserved during most of 1987.

A total of 1,943,533 persons were served by the 311 legally established public libraries in Kansas during 1987. Regional systems of cooperating libraries extended service to 517,467 rural patrons in 95 participating counties.

LIBRARY MATERIALS

Public libraries in Kansas owned 7,523,878 volumes in their collections at the end of 1987. During the year 405,548 volumes were added to these collections.

The reporting libraries indicated that they held 20,586 periodical titles and 226,195 recordings in 1987. Audio-visual holdings also included 1,811 compact discs and 11,429 videotapes. The State Film Center located at Wichita Public Library owned approximately 2,000 films and 500 videotapes during the past year.

SERVICES AND CIRCULATION

Registered borrowers are reported as 1,154,864 up by 110,893 in 1987 and up by 173,497 from 1986. The number of registered borrowers is misleading because many libraries do not register their borrowers. "Friends of the Library" groups have formally organized for 68 Kansas public libraries, and numerous libraries indicate that groups are in the process of forming.

Kansas public libraries were open a total of 9,341 hours per week during 1987, compared to 9,228 during 1986.

A total of 14,611,710 items were circulated during 1987 (about ten items per capita). Of this amount, 79,937 items were sent via interlibrary loan and 68,138 bulk loans were made.

CONSTRUCTION

During 1987, new library buildings were completed for St. Francis Public Library and Towanda Public Library. In addition, Jetmore, Burrton, Overbrook, Louisburg, and Wilsey moved into different and renovated physical facilities. The Cedar Roe Branch of the Johnson County Library was remodeled as a popular reading library and elementary age perception center. Additions were completed during 1987 for the public libraries at Ellis, Parker, and Russell. Important improvements were made at Oakley Public Library.

Major construction projects partially funded by L.S.C.A. Title II grants are underway at Central Kansas Library System, Independence, Mulvane, Liberal, Americas, Colwich, Humboldt, McCracken, Sharon Springs, Sterling, and Wellington. Federal funds of L.S.C.A. Title II also helped complete the construction projects at Russell, Parker, Louisburg, and St. Francis.

Of the reporting libraries, 31 conducted remodeling or maintenance and improvement projects during 1987. Another 47 libraries reported plans for construction, acquisition, renovation, addition, or remodeling projects for 1988 or beyond. A total of 86 reporting libraries indicated that they are accessible to handicapped patrons.

REGIONAL SYSTEMS OF COOPERATING LIBRARIES

Central Kansas Library System

The Central Kansas Library system had 52 legally established public libraries, two school libraries, and three academic libraries. CKLS also reported 16 service outlets.

North Central Kansas Library System

The North Central Kansas Library System had 38 legally established public libraries, one school library, two academic libraries, and nine service outlets. Hartford levies a library tax for library operations but has never formally organized.

Northeast Kansas Library System

The Northeast Kansas Library System members included 42 legally established public libraries, six academic libraries, one club library and one institutional library.

Northwest Kansas Library System

Members of the Northwest Kansas Library System included 17 legally established public libraries, three of which did not participate during 1987, 13 school libraries, three club libraries and one academic library. NWKLS also reported four service outlets.

South Central Kansas Library System

South Central Kansas Library System had 71 legally established public libraries, three of which did not participate during 1987, 40 school districts, 16 academic libraries and one club library. SCKLS also reported five special libraries.

Southeast Kansas Library System

Members of Southeast Kansas Library System included 57 legally established public libraries, 43 school districts, and seven academic libraries. SEKLS also reported 11 service outlets.

Southwest Kansas Library System

The Southwest Kansas Library System had 29 legally established public libraries, seven of which did not participate during 1987. SWKLS also reported 33 school libraries, one community library, one club library, four academic libraries and one special library. The Gray County Library, a legally established library, operated through the Cimarron City Library by contract, but because separate statistics are not maintained, the statistics of Cimarron City Library reflect both library taxing areas.

FUNDING

Support:

System Taxes	$ 3,435,937
State Grants-in-Aid	179,063
Federal Grants-in-Aid	179,064
Other	280,434
Expenditures:	$ 4,214,223

RESOURCES

A total of 281,454 volumes were owned by systems at the end of 1987. The systems added 18,361 volumes during the year, owned 16,594 large print books and paid for 304 periodical subscriptions. At the end of the year 4,688 records, tapes and cassettes - not including Talking Books - were among system holdings. Six systems reported 1,173 films, filmstrips and videocassettes, while two systems reported a total of 558 art prints.

CIRCULATION

Total print and nonbook library materials circulated by the systems during 1987 numbered 950,937 items. To supplement local collections 635,851 rotating and bulk loans were distributed to public libraries, school libraries, and service outlets. Rural patrons received 100,834 items from Mail-a-Book and Dial-a-Book services. Other institutions received 4,948 print and non-print items, and all other circulation totaled 64,252 items.

WORKSHOPS

During 1987 the regional systems of cooperating libraries produced 64 workshops and programs which were presented a total of 121 times. These covered a variety of library-related topics and were presented at 56 different locations across the state. More than 3,585 librarians, trustees, Friends and interested citizens attended these presentations.

PERSONNEL

The systems employed 22 persons who had obtained M.L.S. degrees and three persons with other post-graduate degrees. Bachelor degrees had been earned by 22 other system employees. Systems employed 127 full-time and part-time staff.

The average starting salary for an M.L.S. with no experience was $15,132.
